

PUBLIC NOTICE

City of Portsmouth Mosquito Control

The Mosquito Control program begins July 2, 2018 in the City of Portsmouth. Crews from Dragon Mosquito Control will be checking swamps, salt marshes, woodland pools, ditches, catch basins and other shallow, stagnant water for mosquito larvae. When mosquitoes are found, the following larvicides may be used:

Altosid Pellets WSP (methoprene)

BVA 2 Mosquito Larvicide Oil (mineral oil)

VectoBac GR Biological Larvicide (Bacillus thuringiensis israelensis)

AquaBac 200 G (Bacillus thuringiensis israelensis)

Duplex-G (Bacillus thuringiensis israelensis; methoprene)

VectoMax WSP (Bacillus sphaericus, strain; Bacillus thuringiensis israelensis)

A truck mounted sprayer will disperse Duet (sumithrin & prallethrin) or Zenivex (etofenprox) along roadways. Road spraying will begin in July and may continue into October. It is not possible to predict the schedule for road spraying in advance. The spray schedule is based upon mosquito surveillance data, disease test results and weather conditions.

If Eastern Equine Encephalitis or West Nile Virus is found in or near Portsmouth, then emergency spraying may be conducted using one or more of the following products:

Cross Check Plus (bifenthrin)

Duet (sumithrin & prallethrin)

Essentria IC3 (rosemary oil, geraniol, peppermint oil)

Permanone (permethrin)

Zenivex (etofenprox)

Emergency spray treatments may be conducted at the following locations:

Portsmouth High School

Dondero Elementary School

Little Harbor Elementary School

Pierce Island

Portsmouth Junior High School

New Franklin Elementary School

Robert J Lister Academy

It is not possible to predict if emergency spraying will be necessary. The spray schedule is based upon mosquito surveillance data, disease test results and weather conditions. Further communication will be given if emergency spraying is going to take place.

Residents who do not want their property treated may use our No-Spray Registry online at www.DragonMosquito.com/No-Spray-Registry or write to Dragon Mosquito Control, P.O. Box 46, Stratham, NH 03885. Be sure to include your name, physical address, phone number, a description of your house and acreage. If you have wetlands on your property and you would like us to check it for mosquito activity, email us at Help@DragonMosquito.com or contact us through our website at DragonMosquito.com and request a survey through the Contact link. There is no charge for this service. Contact us for more information on spray dates, location, materials used, precautions or other concerns.
