

# PUBLIC NOTICE

## TOWN OF RYE

### Mosquito Control

The Mosquito Control program begins the week of April 10, 2017 in the Town of Rye. Crews from Dragon Mosquito Control will be checking swamps, salt marshes, woodland pools, ditches, storm drains and other shallow, stagnant water for mosquito larvae. When mosquitoes are found, the following insecticides may be used:

VectoBac ( <i>Bacillus thuringiensis israelensis</i> )	BVA 2 Mosquito Larvicide Oil (highly refined petroleum distillate)
Natular (spinosad)	CocoBear MLO (mineral oil)
Altosid (methoprene)	AquaBac 200G ( <i>Bacillus thuringiensis israelensis</i> )

Control of adult mosquitoes may also be done at the following locations in preparation for the Fourth of July celebration, or when Eastern Equine Encephalitis or West Nile Virus is found in or near Rye:

Elementary School  
Junior High School  
Parsons Field  
Recreation Area

Control of adult mosquitoes would be accomplished using one or more of the following products:

Cross Check Plus (bifenthrin)	Permanone (permethrin)
Duet (sumithrin & prallethrin)	Zenivex (etofenprox)
DeltaGard (deltamethrin)	
Essentria IC <sup>3</sup> (rosemary oil, geraniol, peppermint oil)	

A truck mounted sprayer could also be used to disperse Duet (sumithrin & prallethrin) or Zenivex (etofenprox) along roadways. It is not possible to predict if emergency spraying will be necessary. The spray schedule is based upon mosquito surveillance data, disease test results and weather conditions. Further communication will be given if emergency spraying is going to take place. Routine road spraying will not occur this season.

Residents who do not want their wetlands treated may use our No-Spray Registry online at [www.dragonmosquito.com/no-spray-registry](http://www.dragonmosquito.com/no-spray-registry) or write to Dragon Mosquito Control, P.O. Box 46, Stratham, NH 03885. Be sure to include your name, physical address, phone number, and a description of your property with boundaries. Residents who would like to have their stagnant water checked for mosquitoes may call our office at **734-4144** or email [Help@DragonMosquito.com](mailto:Help@DragonMosquito.com). There is no charge for this service. Contact us for more information on spray dates, location, materials used, precautions or other concerns.
